

### **Buyer's Allocation Formula**

1. For each lot bought during the conspiracy period, Buyer Eligible Claimants shall be entitled to the lesser of (i) or (ii) ("Per Lot Payment"):

- (i) 0.15% (=5% x 3% of the hammer price); or
- (ii) \$75 (= \$50,000 x 0.15%).

A Buyer Eligible Claimants' Allocable Share is equal to the sum of his Per Lot Payments.

2. For any Buyer Eligible Claimant whose Allocable Share is \$20.00 or less, the Claimant will receive \$20.00.

3. The remainder of the Fund will be distributed to Buyer Eligible Claimants in proportion to their Allocable Share.

4. This formula may be adjusted to account for each Buyer Eligible Claimant's proportionate share of any attorney's fees and expenses awarded by the Court, but in no event will any Buyer Eligible Claimant receive less than \$20.00.
